

# It Makes Sound Safety Sense

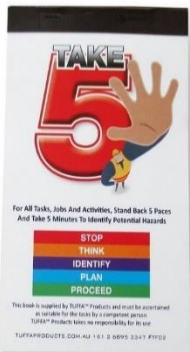

Safety is important to us at Ai Group Apprentice and Trainee Centre.

We have a commitment to caring for our employees, so they return home at the end of the day in the same condition in which they started.

## National Safe Work Month

October 2021

Supervisors should allow adequate time to provide feedback to young workers. Feedback should be constructive and young workers should be encouraged to ask questions. Reward and recognition of a job well done is just as important as correcting errors.

**THINKSAFE**  
**BESAFE**  
**LEAVESAFE**

- 1 Stop, step back, observe
- 2 Walk through task
- 3 Identify hazards
4. Control & communicate
5. Safely complete task

**think safe.** | **work safe.** | **be safe.**

#ThinkWorkBeSafe

At Ai Group Apprentice and Trainee Centre, we believe that our Apprentices and Trainees are our most valued asset. Their health and safety is our top priority and that's why we are joining **National Safe Work Month 2021**.

National Safe Work Month in October is a time to commit to a safe and healthy workplace.

This year, we are promoting the theme **think safe. work safe. be safe** to raise awareness of the importance of work health and safety at our workplace.

Our Hosts Organisations play a very important role in providing a safe workplace for all our Apprentices and Trainees.

National Safe Work Month gives us an opportunity to think about how we promote WHS here at Ai Group Apprentice and Trainee Centre and what we can do to ensure all of us are safe and healthy at work.

Ai Group Apprentice and Trainee Centre, aim is to have **ZERO INCIDENTS/INJURIES**. Together we can all achieve this goal. Let's all commit and work together in **ALWAYS THINKING, WORKING AND BEING SAFE**.
